SPA AND FITNESS

**HOLISTIC WELLBEING**

Akasha is leading a new concept and holistic approach to wellbeing.  
Step into our sanctuary and let your inner-self shine through.

Hotel guests, visitors and members are invited on a guided journey to promote health, happiness and fulfilment while improving personal balance.

The name Akasha reflects a core vision to harmoniously unite the four basic elements of nature: earth, water, fire and air. The combination enables a transformational and balancing experience where body, mind and soul are aligned.

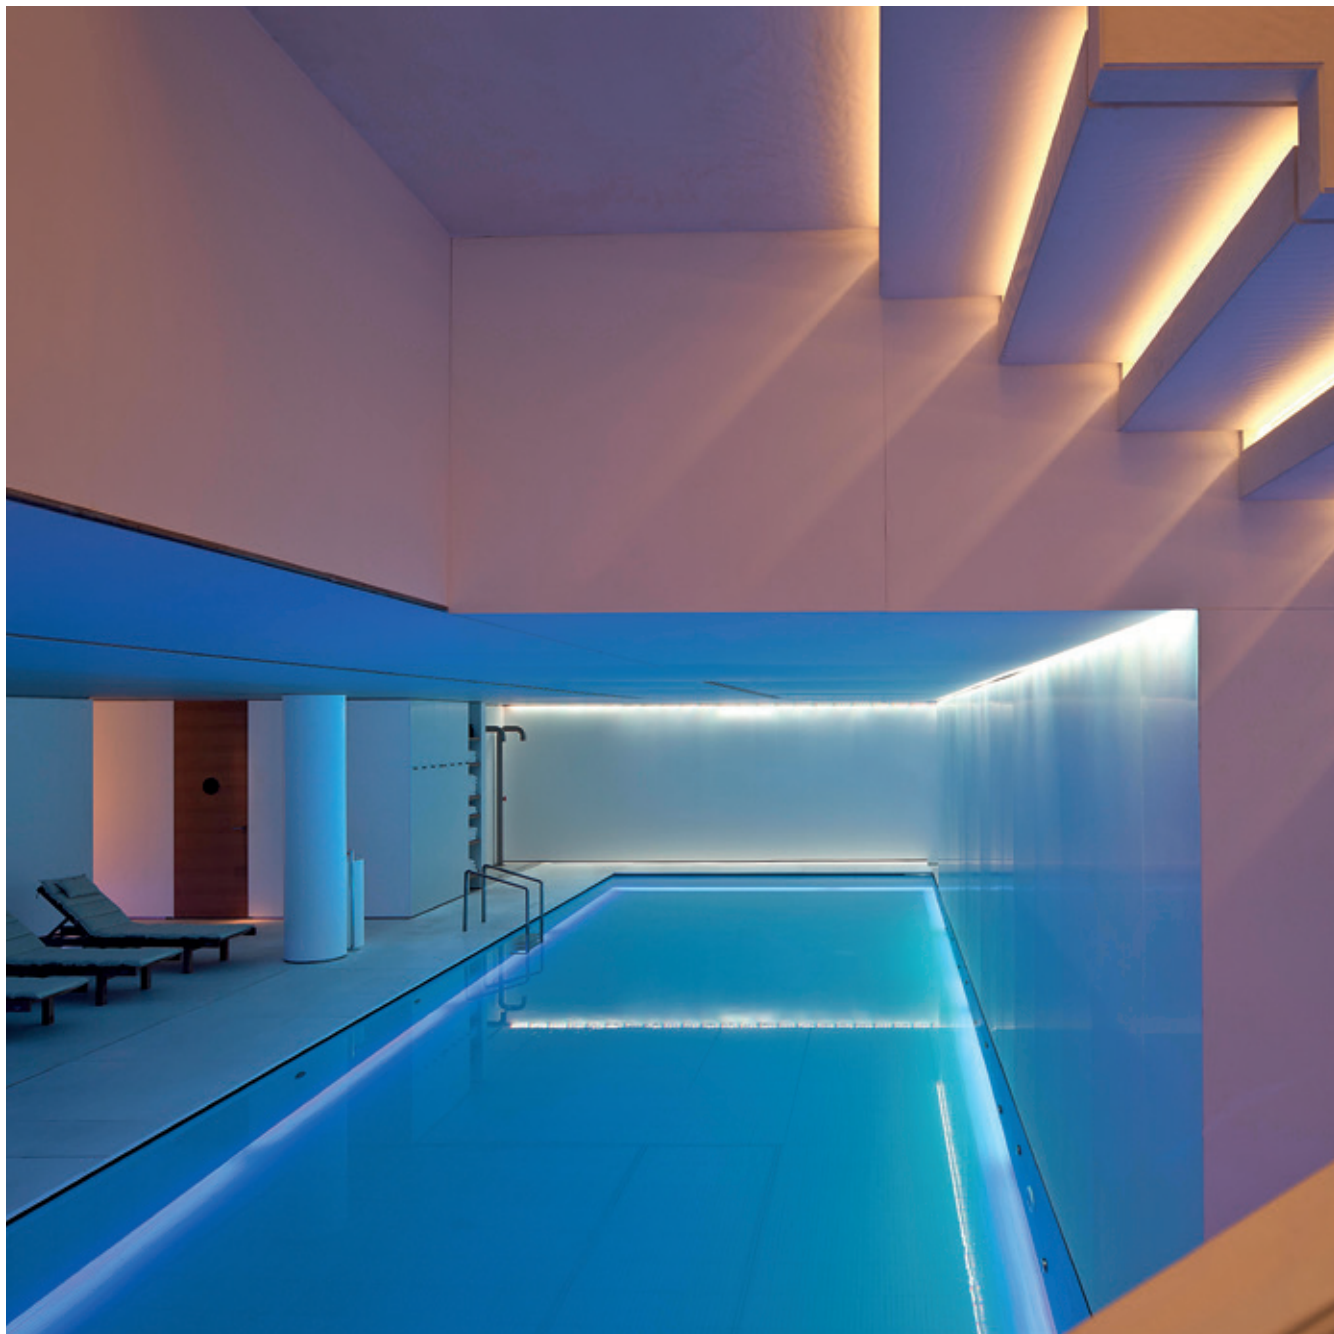

Earth offers nourishment in our lounge bar, water flows through our spa, fire blazes across our gym and air breezes through our studios.

Earth nurtures growth and strengthens the body,  
a grounding and stabilising force needed to  
establish balance.

Within the serenity of Akasha a lounge bar offers a selection of nourishing food. Designed in collaboration with a nutritionist, a healthy menu is available along with a further selection of light dishes. Herbal teas, refreshing juices and energising drinks are also served.

Water ebbs and flows, creating a sense of  
endlessness. Immerse your mind, cleanse your  
external self and renew your inner being.

An 18m/60ft long lap pool, steam room, sauna and Jacuzzi form an oasis at the centre of Akasha and in the heart of the city, enhanced further by mood lighting, restorative sounds and uplifting aromas.

Seven treatment rooms, including a double treatment Akasha Suite, offer signature treatments which marry innovative Western practices with ancient Eastern traditions. There is a private Hammam for purifying scrubs and massages. Akasha also boasts Amsterdam's only Watsu pool for tailored hydrotreatments and guided meditation.

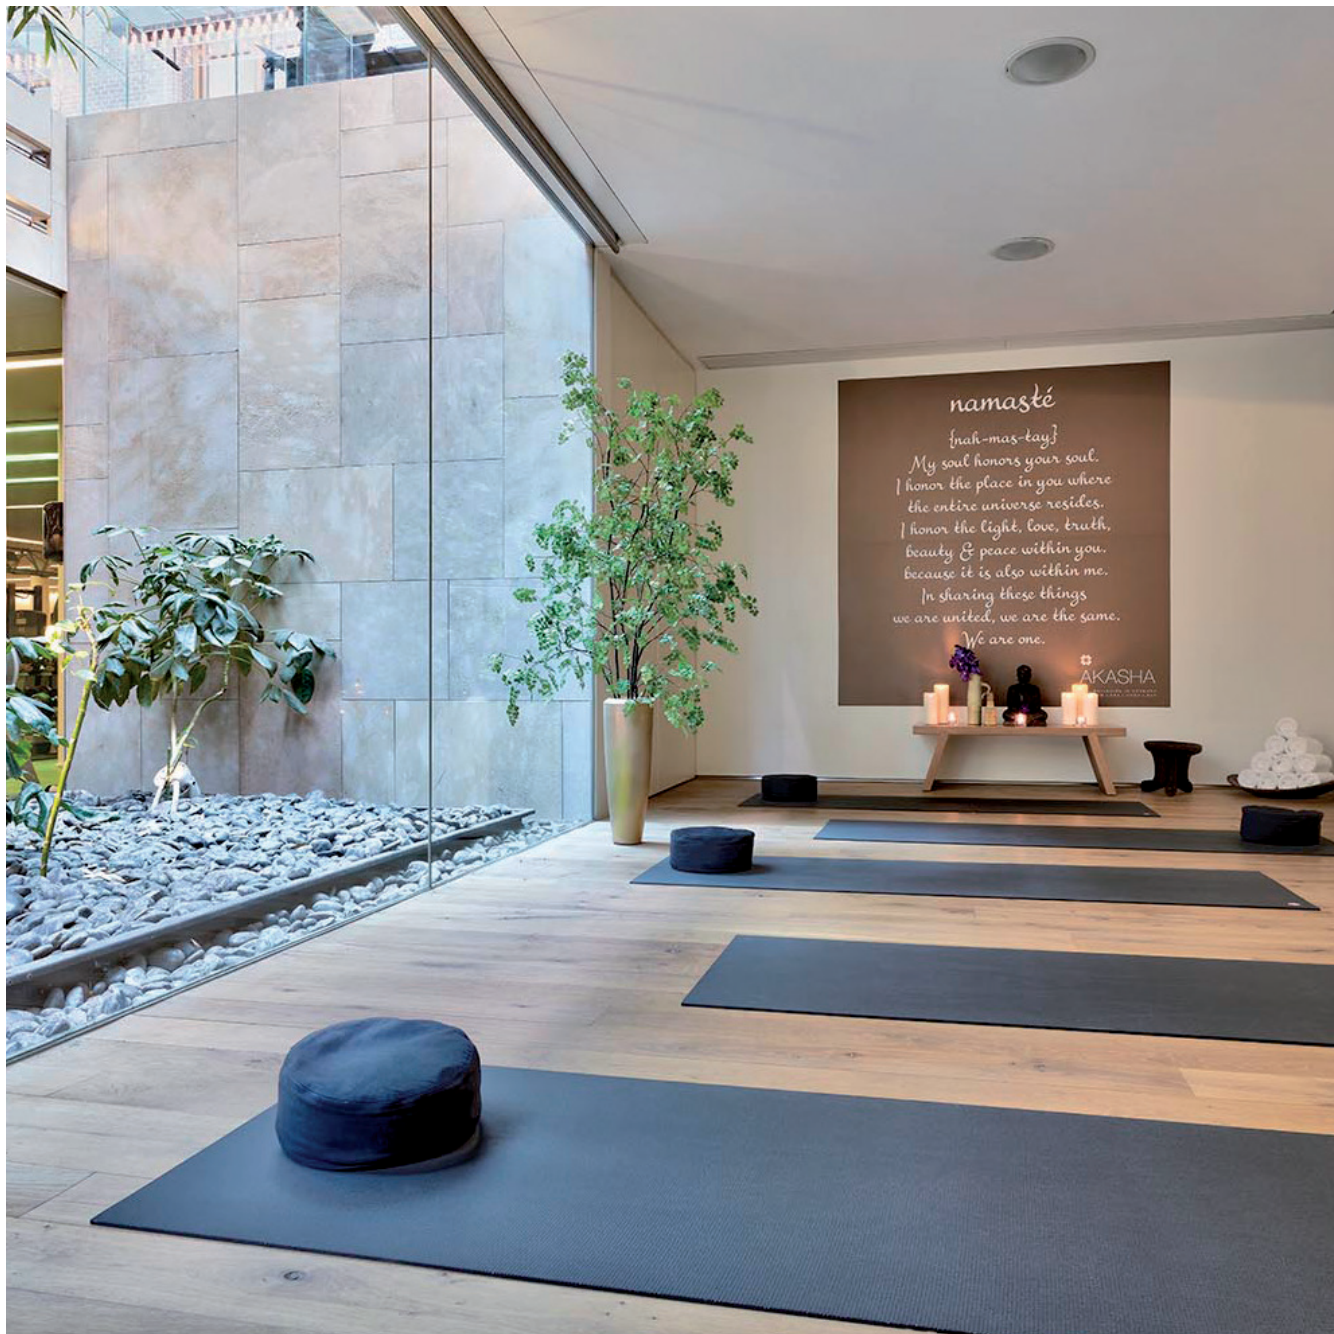

Fire crackles with energy and courage, a unifying and kinetic force which vitalises cells with flaming intensity; ignite your body with movement.

Within Akasha a large and spacious gym area spans over 150sqm/1,615sqft. Cutting edge technology includes LifeFitness equipment, personal entertainment centres with 19" touch screens and iPhone docks, complemented by a LED ceiling of changing lights to enhance and motivate. These facilities are combined with the knowledge of industry professionals and fully dedicated personal trainers. Tailored fitness programmes combine a variety of disciplines with each overseen by experienced instructors.
