When you are ready to meet again, this is our commitment to you:

Over the past months we have missed each and every one of you and, as we prepare for the world to open up, we have been working hard to ensure that you feel safe in returning to our modern grand hotel. In order to safeguard the wellbeing of our guests and employees, we have raised our standards even further to meet the health and safety challenges presented by COVID-19. The meeting room capacity is adjusted to maintain social distancing rules set by the government and hand sanitizer stations are provided in each of the meeting spaces and common areas. Food and beverage offerings throughout the day will be displayed in individual servings. The desk, work area, and equipment used will be disinfected directly after each meeting or event.
